

SAILING

ASSOCIATION

Commodore: Jeremy Waters 977-1517
 Vice-Commodore: Leigh Morgan 293-9254
 Treasurer: Nica Chapman 295-2955

Fleet Captain: Ken Forziati 971-3602
 Social Secretary: Craig Shields 296-9432
 Racing Secretary: Latney Montague 977-1577

Recently a rash of drive-by shootings have occurred in the vicinity of Fluvanna County by a white male with a large-caliber gun. And you wondered what LM's finest did in their spare time...

End of the Party: That's right, kiddies; that finals time o' the year is almost upon us again (unfortunately). This means that our contract with good ole Lake Monticello is about to expire for the summer, and once again they let those darn pontoon boats reign. That means that Friday April 26th will be the last club day, and the boats will be put away the next day (helpers will be OH SO APPRECIATED). On the bright side, your favourite benevolent dictators have already taken care of next year's contract to avoid that little hassle last semester. I guess that means we will not be gracing Chris Green Lake with our presence again. Damn.

Racin' Stuff: Hey, its was quite a good season for UVa Sailing. At Area C Eliminations, Leigh, Latane, Craig, Paul, and Ken qualified for the America's Trophy up in New York with a performance that even included a first place (seems as likely as France winning a war, doesn't it???) . God only knows what we did wrong... Unfortunately, its timing overlaps with finals, and professors just aren't that understanding about the important things in life. UVa also put in a good showing at the St. Mary's Invite. In spite of no wind, lots of rain, an idiot from U Penn, a wanker St. Mary's B skipper, and the group of naked St. Mary's people in a treehouse (they were on acid-whatcha expect?), the group from Old Wahoowa held their own. Sound like fun? Actually it is. If you are interested in racing next year, call Leigh or Latane soon. We are still looking for others to join the the revelry. Here's our schedule:

| <u>Date</u> | <u>Event</u> | <u>Location</u> | <u>Boat Type</u> |
|-------------|---------------------|-----------------|----------------------------|
| Sept. 28-29 | St. Mary's Invite | St. Mary's | FJ |
| Oct. 5-6 | Area C Mono Elims | Navy | Laser |
| Da Same | Windsurf Invite | Navy | Bermuda |
| Oct. 26-27 | Area C Dinghy Elims | CDU | FJ |
| Nov 25-26 | America's Cup | San Diego | Big-ass boats ...oh, wait! |

Actually, we would like to get a team together for Coronado Worlds. Anyone Interested??? *Anyone???*

Thanks: We'd like to take this time to thank Nica and Jeremy for their years of service to the club. We really wouldn't be where we are today (whatever that might imply...) without their help. From boat maintenance to paying the bills, their work behind the scenes helped the club to run. We'd also like to congratulate Jeremy on his success both on the windsurfing race course and at the 3-Man table. Best of luck to both of you next year!

A Sailing Association First: We are happy to announce the marriage of Pierre Mahieu and Sharon Varney. Both club members, they met rigging up a Laser. While *some* of us were being arresting by the LMPD, two others were finding love. It looks as though this will be the first wedding of two club members (sorry Mo-they beat you to the punch). The groom, an auto salesman and Belgian cell leader for the Red Brigade, is currently in this country fleeing Interpol and scouting for good targets to blow up in Charlottesville (like Newcomb-there would be more fallout than after Chernobyl!). The bride, employed by the Soviet Union as political officer aboard the nuclear-powered cruiser Kirov, was recently awarded the Nobel prize in physics for her dissertation on the molecular heat transfer theory of a slinky. Seriously, though, congrats and best o' luck to both of you. Now we can put matchmaking on our list of club benefits. P.S. If you need a skinner for the Caribbean, you know where to look
